Subject: Re: MMatthews Update FW: table for START V updates

I need to see who the new START Contractor is. Depending on who it is will govern which TDDs get re-opened..

Hi Rob

Can you let Mary and I know which of the TDDs in the attached table will need to find a new home on START 5?

A general cost range/estimate would be helpful as well.

Thanks

k

Subject: FW: MMatthews Update FW: table for START V updates

Hi Kay - My updates in **BOLD**. I updated in **START V y/n** and **comments** field based on response I found on emails from each of the TMs. I assume the comment field in red (**Renew/START V**) are updates you received. I'm missing a few, so maybe hiding in my email or they responded to you directly. We can talk more about this next week. Just for my own clarity when I've gotten comments that they plan to remain open means if all goes smoothly we would Renew to START V. Probably silly question but trying to get a grasp of it all in my head.

Thank You
Mary Matthews
